KPCSD Summer Construction Plans 2018

July 12, 2019

The summer is here, and facilities work is in full swing! Below you will find some information and photos of the work that is currently being completed.

Kings Park High School

- Locker room renovations – this is a much overdue project. The locker rooms at the high school will receive new lockers, floors, benches, lighting, and improved ventilation.

- Bathroom renovations – this project is ongoing since this past spring.
William T. Rogers Middle School

- Roof Replacement Project – this is a continuation of a project that began last summer. Please avoid this area during the coming weeks, as asbestos abatement and cement removal is in progress.

"Bird’s eye" view of WTR roof. Work began on the upper portions this week.

- Bathroom renovations – this project is ongoing since this past spring.
- Gymnasium bleachers replacement

The original old bleachers have been removed, and new bleachers are on order and will be installed later this summer.
RJO Intermediate School

- Track renovations (grant funded)

I am happy to report that our patience has finally paid off, and the RJO track received an “extreme facelift” this past week. Special thanks to Assemblyman Fitzpatrick for his assistance in securing the grant funds that brought this project to the finish line.

Fort Salonga Elementary School

- Complete roof replacement – this project is up and running. Please avoid this area during the coming weeks, as the project moves towards completion.
Check your email and our school district website (www.kpcsd.org) this summer for additional weekly updates!

Thank you, and have a great weekend!

Timothy T. Eagen, Ed.D
Superintendent of Schools
Kings Park Central School District
